Barcelona, Spain (Ready to relocate)

SUMMARY

- I am driven by the quality of code and software. I continuously strive to improve myself and look for opportunities to help my team grow. I thrive on seeing working software in customers hands and the excitement of improving it further.
- My career goal is to work in a team leadership role. Ultimately, I want to build cool things with cool people.

Php, Python, C++, C#, Java, jQuery, Bootstrap, React, REST, HTML, HTML DOM, JavaScript, SQL, MongoDB, JSON, Angular, XML, Node.js,

EXPERIENCE

Feb 2016 - Jul 2016 0.4 years **Software Engineer**
MAPEX,   < www.emapex.com/index.php/en/ >   Barcelona, Spain
Software Engineer Intern

- Implemented a SCADA system using Microsoft Visual Basic, SQL server PL/SQL, It was a full-stack effort on which I was the sole developer.
- Implemented the user interface, using internal tools of the company. Used SQL server, and run some PL/SQL routines, along with visual basic to map the data with the frontend, so end-user can have a system that aims to monitor and control field devices at remote sites.

C#, SQL, JSON, XML,

Feb 2013 - Feb 2013 0 years **IT Support Specialist**
DIGITAL,   Barcelona, Spain
IT Support Specialist Intern
